Research

*brief description of past and current research and the field(s) of
specialization*

I participated in seminars on drone technology innovations applied in agriculture and engaged
in ongoing self-education regarding developments in this field, including subscribing to
specialized information channels and forums on public security and drone technology.

Current Research Activities

*titles of ongoing activities; please give the names
and institutions of any international
collaborators*

I am actively self-educating on the applications of drone technology in public security by
engaging in forums such as DJI Forum and utilizing the DJI Flight Simulator app for practical
training and understanding of drone operations, with a focus on innovations, regulations, and
case studies related to drone usage.

Role/Activity

*Please describe the project-specific role and
activity(ies) you will undertake*

I could coordinate drone operations at the Police Department, focusing on surveillance, search
and rescue, accident reconstruction, emergency management, event monitoring, and
environmental crime detection to enhance public safety and efficiency.

Period of Involvement (estimated)

*The period/dates for which you will be involved
and receive a stipend*

Start and end date of the project.

Publications

up to three recent publications relevant to this project plan
